CLASSIFICATION RULES

A-Stock - Low HP, normally aspirated RWD cars.

A-Mod - All A-Stock derived RWD cars with modifications not permitted in Stock class. No internal engine or boost modifications allowed.

B-Stock - All normally aspirated FWD cars and 4-cyl AWD cars.

B-Stock Plus - All FWD "R-Type" cars (Integra R, Civic SiR, Neon ACR, etc.) Front or AWD factory forced induction (i.e. turbocharged/supercharged) cars under 2.0L in engine displacement & normally aspirated AWD cars with more than 4 cylinders.

B-Mod - All FWD/AWD cars with modifications not permitted in Stock class. No internal engine or boost modifications allowed.

C-Stock - All Hi-Performance cars, typically with large engine displacement, all factory forced induction (i.e. Turbocharged/Supercharged cars) 2.0L & over in engine displacement (includes FWD, RWD and AWD cars) and (forced induction / normally aspirated High Output) rotary engines. Only allowable modifications are listed below.

C-Stock Plus - All new technology Hi-Performance cars (C5 Corvette, Dodge Viper, WRX STi, etc), typically with large engine displacement or high factory induction boost settings. Only allowable modifications are listed below.

C-Mod - All Hi-Performance cars (as listed above in C-Stock class) with modifications not permitted in Stock class. Also includes any A or B family cars with internal engine and/or boost modifications.

D-Open - All Other Vehicles (Home built, kit cars, vehicles under 1500lbs. Must meet minimum wheelbase as per CASC/GCR rules. Pax applies under 3.

Allowable Modifications (Stock) - Any size of tire/wheel combo, shock/struts, manifold back exhaust, air intake system (no aftermarket throttle body or carbs), OEM available sway bars, OEM spec alignment
